

IN HIS NAME PRESENTS

KORAT

Highlights from our crusade in Thailand, March 2026

G O S P E L P O W E R I N K O R A T

We held a triumphant crusade in Korat, Thailand, which marked our very first crusade in Asia, a true milestone for In His Name. The Nakhon Ratchasima province, in which the city of Korat lies—and serves as its capital—has an extremely small Christian population with less than 0.14% of its inhabitants being born again. The largest church in the province seats just 350 people. In August last year, we held a two-day Fire Conference at this church for pastors and church leaders, stirring them up for evangelism and distributing free copies of the Thai edition of Ev. Tamryn’s book, “Spirit of Fire” that trains believers on how to be soul-winners. From that time until now, we have laboured with the local churches to hold 36 wonderfully successful mini-crusades across the districts and sub-districts of the province. Thousands of people were reached and many mighty miracles were reported.

Now, our main crusade has taken place and the response has been extraordinary. Before coming to Korat, we were told that the ground is hard—and yes, we certainly faced many challenges. However, over the course of the two-day event, which was held at Rajabhat University, crowds gathered with expectation to hear the Gospel, and the altars were filled with individuals eager to call upon the name of the Lord and begin a new life with Him. We also had the opportunity to lay hands on the sick, resulting in astounding testimonies. This crusade has not only resulted in the lost being saved, but also in the churches of Korat being strengthened, and fresh encouragement being brought to believers across the region. Between the main crusade itself and our pre-crusade outreaches, a marvellous total of 3,995 decisions were recorded for Christ, and the pastors are hard at work following up each precious new disciple. The Christian population of this province has doubled through a single initiative. Heartfelt thanks for making it possible!

Khong, an 82-year-old grandmother, gave her life to Christ during one of our services. For around seven years, she had suffered from pain in her right knee—requiring the use of a walking aid—and blurred vision in her right eye. As she received prayer, she felt the touch of God. The pain in her knee completely disappeared and her vision became clear. Khong was thrilled.

A 10-year-old boy named Sky, who is already a believer, had been deaf in his right ear since birth. After prayer, his ear opened and he was able to hear perfectly. Sky was overjoyed.

Noo, a 48-year-old woman, gave her life to Christ during the meeting. She had suffered from numerous health problems for the past ten years, which made walking difficult. After prayer, she testified that she could walk easily and felt a significant change in her body.

Chantramas, a 69-year-old grandmother, is a believer who had suffered from back pain and osteoarthritis for three years. During prayer, she felt her heart pumping strongly and afterwards, she was able to walk freely—almost as if she could run!

HEALINGS OF HOPE

Siriphen, a 56-year-old woman, gave her life to Christ during the event. She had been suffering from back pain for the past six months. Bending over caused severe pain. After receiving prayer, she immediately felt her body become light and the pain vanished.

Nook, a 50-year-old woman, also gave her life to Christ during the event. For five years, she had suffered from locked leg muscles and numbness in her hands. After prayer, the numbness disappeared and the tightness in her muscles was gone.

Nong, a 65-year-old grandmother and believer, had been in an accident ten years ago in which she broke her ankle. It never healed properly and remained painfully swollen. She had to use a cane to walk and could not ride a bicycle or drive. While prayer was being offered, she felt a tingling sensation in her leg. Afterwards, the swelling and pain were completely gone. Running around on the stage, Nong joyfully demonstrated her newfound mobility.

Pranee, a 69-year-old grandmother and believer, had suffered for six months with shoulder pain and numbness in her arm. Lifting objects caused a sharp, stabbing sensation. After prayer, she felt immediate relief and joyfully began moving her shoulder and swinging her arm, testifying that God had healed her completely.

FREE INDEED

Aroon is a 53-year-old believer who had been suffering from paralysis on the right side of his body due to a stroke. He had been unable to work and his daily life had become very difficult. After receiving prayer, he immediately felt his body become light. The arm that he previously could not lift was suddenly able to move freely. He showed us on stage how he could raise it fully. Praise the Lord!

Tuck, a 12-year-old girl, gave her life to Christ at the event. For as long as she can remember, her right eye had been affected by strabismus, a condition in which the eyes are not properly aligned. Because of this, she was often bullied by other children. During prayer, she felt her body shaking under the power of God and nearly fell down. Afterwards, her right eye was completely normal. Praise the Lord!

Piyada, a 15-year-old girl, received Jesus as her Saviour during the event. Since birth, she had been cross-eyed and walked with a limp. During prayer, she felt goosebumps all over her body. Afterwards, she testified that she could both see and walk normally.

Kung, a 47-year-old believer, had struggled with severe chest pain and difficulty breathing for the past 4 to 5 years. The condition made daily life extremely difficult. During prayer, she felt a cool sensation and relief inside her body. Now she can breathe easily without pain.

ETHIOPIAN VILLAGE CRUSADE

Our Ethiopian team recently concluded a powerful village crusade in Begi, Ethiopia, held from 10 to 15 March. Only 17% of the population of this community identifies as evangelical, with the vast majority being Muslim. Throughout the week, people gathered with great expectation to hear the Gospel, and the Good News of Jesus was proclaimed boldly. It was a remarkable time of outreach, with 650 souls responding positively to the message and experiencing the saving power of Christ. Alongside the crusade meetings, 200 local believers were trained and mobilised for evangelism, being equipped to confidently share their faith and continue reaching their community. Prayer for the sick resulted in wonderful miracles, including a gentleman named Athomsera who had been unable to hear out of his left ear for almost three decades—and can now hear perfectly! We believe that what took place during these days will leave a lasting impact on Begi for years to come. Thank you for standing with us in prayer and partnership.

In South Africa, our WOWZA teams are active in the community of Westbury, Johannesburg. They have partnered with two local churches to train believers before going out on a regular basis to minister one-on-one in areas heavily affected by crime, drugs, and gang violence. So far, they have approached 195 people in the community, with 137 surrendering their lives to Jesus. In addition, their outreaches in four local schools have seen 1,375 learners raising their hands to say “Yes!” to Jesus. Powerful testimonies are being heard, including young adults abandoning their hookah pipes after hearing the Gospel, a woman instantly healed of poor eyesight, another healed from severe pain after surgery, a local gangster receiving Christ, Muslim youths opening their hearts to prayer, and a new believer expressing a desire to join the outreach team. Despite a recent increase in violence in the area that left many fearful, the evangelists are boldly sharing the love and hope of Christ, trusting that these salvations, healings, and transformed lives mark only the beginning of what God intends to do in Westbury.

HEARTFELT GRATITUDE

We are deeply grateful for your faithful prayers and generous support. Because of you, our various ministry initiatives are reaching countless lives with the Good News of Jesus. We are seeing souls being saved, bodies healed, the oppressed set free, and local believers equipped and empowered to be soul-winners. Your partnership is making an eternal impact and communities are being transformed by the love of God.
