ABOUT OUR COVER

*The name of the beautiful lady gracing our cover is Birritu.
She is an evangelist in Meki and has been preaching the
Gospel for over twenty years.*

JESUS SAVES

Meki is a bustling farming hub that lies around 140km south of Addis Ababa, surrounded by villages. Recent clashes in the area between government forces and rebel groups made the local authorities nervous and we needed to abide by a strict 6pm curfew. Yet, despite the civil instability, tens of thousands gathered on our grassy crusade field over four days and six services, eager to hear the Good News that Jesus saves! After every meeting, we bore witness to groups of young people, dancing their way home down the streets of Meki, singing praises to Jesus. We can declare without doubt that this precious, Ethiopian town has been forever changed! Over 30,000 pieces of follow-up material were distributed during our time there and the local pastors are now hard at work, connecting with every new convert.

MIGHTY MIRACLES

Prayer for the sick was packed with power. Zarihun is a 42-year-old husband, father of three and merchant. Two years ago, he was in an accident and broke his left leg. That leg never healed properly. He was unable to walk on it and it caused him immense pain. During prayer, Jesus made the limb perfectly sound! Zarihun ran up and down on stage several times, jumping and leaping with pure exuberance. Both his wife and son were in attendance and they shared in his joy, together with the crowd. Asaiba is a young lady of 13. Several months ago, a tumour started developing in her throat. She could feel it in her neck and swallowing became increasingly difficult. Wonderfully, Jesus intervened and that tumour has completely disappeared! Ecstatic, Asaiba praised the Lord. Nagao is an 18-year-old student who had been unable to hear out of her right ear for the past six years. During our crusade, that ear popped open and her hearing was restored. “My life has completely changed!” she voiced.

HEALING REIGNS

Kuma, a farmer, had been tormented by perpetually itching skin for the past 18 years. His entire body itched, constantly. Now 37 years old, he had given up hope of finding a cure—but God! The Lord came to his aid and Kuma has gone from being itchy to itchless. How tremendous! Busa is 30 years old and had been battling severe depression for seven, long years. He had been so impacted by it that he had been unable to work. Now, Jesus is his Saviour and also, his Deliverer. “I have found new life in Him!” this young man articulated. Amen and amen!

Bonfu is a 22-year-old coffee brewer. Since childhood, she had experienced constant pain and discomfort in the right-hand side of her chest and back. Her ailment was undiagnosable. She had learned simply to endure it. Now, Bonfu is free! “My entire body feels so relaxed,” she explained. “The pain is gone. Jesus is my Saviour and Healer forever!” Getahun is a 46-year-old farmer and father of five. His need for healing drove him to our crusade. For the past decade, his right hand and leg had been plagued by excruciating, debilitating pains. Naturally, this had made the physical activities that farming demands, very difficult to navigate. Jesus touched him mightily and his body has been liberated. “I am free!” Getahun boasted. “May God bless all of you!” Mulu is 29 years old and had suffered from an unremitting headache for the past eight years. Morning, noon and night, she had no respite. Now, the headache is no more! Bahare, a 27-year-old wife and mother, had suffered from searing, unrelenting womb pain and also, the sensation of burning throughout her body for the past several years. She was unable to work and found fulfilling her duties at home to be exceedingly difficult. During our crusade, this precious woman was set free from her torment. How she rejoiced on stage! Testimony followed testimony. Depression, kidney problems, womb issues, gastric problems, hemorrhoids—all vanished beneath a wave of the glory of God!

GRAND FINALE

On the Sunday morning, all evangelical churches in Meki closed their doors and everyone gathered today on the crusade field for one glorious mass service. What a stunning show of unity! We distributed Certificates of Appreciation to the pastors and volunteers, as well as one hundred copies of the Amharic translation of my book, "Spirit of Fire". We also handed out twenty solar powered Amharic audio Bibles, generously donated by MegaVoice Southern Africa. A big thank you to them. These are incredible tools for those who are unable to read and will be greatly used and appreciated in the Meki community.

Crusade Director, explains

FIREFALL

Tamryn taught on the Holy Spirit throughout the crusade period, making it clear that He wants to fill every believer with Himself and use them with power to preach the Gospel and set the captives free. During our final service on Sunday afternoon, we prayed for each child of God to be saturated with the Spirit of the Almighty. What magnificent, divine chaos broke out! Men and women, young and old were filled from on High, speaking in other tongues and glorifying God. An army of soul-winners was born, ready to take Ethiopia for Jesus! During that last meeting, we also prayed for all the prayer requests that were submitted during the crusade period, for the nation of Ethiopia and the Oromia Region, in which Meki is found. It was a power-packed time and a worthy conclusion to a spectacular crusade.

HEARTFELT THANKS

Thank you very much for all your prayers and support! You have made this crusade possible. Tens of thousands have been saved and filled with the Spirit. Multitudes have been healed and delivered. Please continue to keep the believers and pastors of Meki in your prayers. May they shine for Jesus and boldly proclaim His matchless name!

OUR NEXT ETHIOPIAN CRUSADE: BENSA DAYE

Our next crusade will be held in **Bensa Daye**, a rural, **Ethiopian community** that is located over **400km from the capital city**. The **Sidama people** inhabit this location, whose lives centre around **agriculture**. **False banana, coffee and other crops are farmed and cattle are raised**. We go to **ensure that each inhabitant is safely in the arms of our Jesus!**
