

# HIS NAME GLORIFIED

Publication of In His Name Ministries

ISSUE 04 // OCT 2019

## A NOTE FROM TAMRYN

---

Mphagani has been overwhelmed by the power and goodness of God! You will thoroughly enjoy the report that follows. Throughout our time in this village community, the pastors kept thanking us for preaching the "old-fashioned" Gospel: one of sin separating man from God and the power of the blood of Christ to wash that sin away. For us - and you as well, I know - this is the only Gospel, the true Gospel. This is the Gospel we preach, the Gospel that breaks every chain! Two more crusades lie ahead for 2019: Ambo and Shashamane, both in Ethiopia. Africa is being saved!

## MPHAGANI NOW FOLLOWS JESUS

---

Mphagani falls within a municipal region of the Limpopo province of South Africa called Greater Giyani. Its mayor opened our crusade on the first evening by warmly addressing the crowd and welcoming In His Name. A born-again believer, she spoke about the raging crime levels and how only God can bring the peace so desperately needed. This is why we came to Mphagani. Peace is not possible without knowing the Prince of Peace, Jesus Christ! Mphagani is neighboured by eighteen different villages and populated by members of the Shangaan and Pedi tribes. It is a community besieged not only by crime but also witchcraft and ancestral worship. What spiritual hunger we encountered! Our Lord rewarded this yearning with an outpouring of redemption, healing and deliverance. The crusade itself (25 - 29 September) and our pre-crusade outreaches yielded a glorious total of 19,459 decisions for Jesus. Hallelujah! The pastors are ecstatic and hard at work following up every fledgling believer, many having turned their backs on false religions and immoral living.

Thousands gather to hear the Gospel

A moment with Jesus

Prayer for the sick and oppressed produced numerous testimonies. Melita (52 years old) had broken her leg a few months ago at work and the limb refused to heal. She relied on a crutch to walk and was in severe pain. She gave her heart to Jesus and then, during prayer for the sick, the Lord healed her completely. "I just felt the pain going away," she explained. "I can go back to work now and provide for my family. My life has completely changed." Malatjie is a 43-year-old mother of four. Each birth was difficult, requiring surgical intervention. Since her first child was born in the year 2000, her body was in constant agony. Malatjie received Jesus as Saviour and following this, her newfound Lord worked another miracle in her life - the total healing of her body. "I felt the power of God," she said. "I am healed!" Our team helped her remove the fetishes she wore. "I no longer want to worship the ancestors. I am following Jesus!"

Hands raised to the Saviour King

A packed altar call

A teenager named Alicia received the Lord as Saviour and was utterly delivered from demonic activity. Since earlier this year, she had been struggling with headaches, dizziness, impaired hearing and a stomach that would swell to the extent she looked pregnant. All this was caused by demons. "I have been suffering terribly," she voiced. "I even thought of taking my own life." Jesus both saved and liberated her. "Now, I am free," she expressed. "I thank God!" Please visit [inhisname.global](http://inhisname.global) for more wonderful testimonies. You will be blessed.

Prayer for the Holy Spirit baptism was spectacular, yielding an army of soul-winners. The pastors and volunteers received their Certificates of Appreciation with great delight. The fraternal chairlady shared how the unity of the churches has drastically improved due to this crusade. They are already discussing how to combine forces for future evangelistic efforts. This is glorious. Heartfelt thanks for your prayers and support. Together with you, another African community has been swept into His arms!

## ES CONNECT 2019

Evangelist Support Network - the network for evangelists that In His Name spearheads and funds - hosted a conference for evangelists from 29 - 31 August 2019. Titled "ES Connect 2019" and held in Pretoria, South Africa, the event equipped evangelists to fulfill their God-given purpose with knowledge, direction and Spirit-saturated confidence. Delegates heard from internationally sought-after speakers on topics ranging from intercession and ministering to administration and crusade planning. Time was set aside for question and answer sessions as well as heartfelt fellowship. Lifelong relationships were forged and divine connections built. The conference concluded with a powerful time of prayer and impartation with hands being laid on all in attendance. It was an unmissable gathering that will bear abundant fruit. Thank you for helping us raise up soul-winners who will crisscross Africa with the Gospel! Be blessed by the feedback below.

A packed room of eager delegates

Questions are asked and answered

*"Words cannot adequately express the great work that has been done in my heart through ES Connect 2019. I've done a few online evangelism courses, but none have been as helpful to me and my team as this conference. The fire that burns within me to see Africa saved, burns even brighter now because of what was imparted to me at ES Connect. Thank you, ES Network and thank you to every sponsor who made this conference possible."*  
- Itumeleng Mokganya

*"ES Connect blessed and inspired me tremendously. Every session was unique, imparting knowledge and strategies that can be used in the daily running of an evangelistic ministry. It was also a great pleasure to connect with fellow soul-winners. I am excited to apply all I have learnt and am now even more zealous to see the lost saved. Thank you, ES Network from the bottom of my heart for this God-given vision of empowering and connecting evangelists."* - Edward Ackerman
