
BONOSHA TOWN

HIGHLIGHTS

BREAKTHROUGH

The farming community of Bonosha sits around 230km south of Addis Ababa. We were eager to hold a crusade in this location, with over 70% of its inhabitants following the Islamic faith and the churches being small and few. Their buildings have even been burned to the ground from time to time, in sporadic waves of violent persecution. Following our crusade, thousands more now believe in Jesus as Saviour, with over 30,000 hearing the Gospel and receiving follow-up material. The local pastors are hard at work, following up every new convert. Their churches will quickly explode with growth as the born-again population of Bonosha becomes stronger and stronger.

Over four days we held seven mass services (26-29 October). The hunger for the Gospel was great. While the rainy season should have ended by the time our crusade began, heavy rain was forecast on a daily basis. However, the Lord was with us! It skirted our meetings in an astounding fashion and while we experienced a few mid-service sprinkles, the Gospel went forth unhindered. Prayer for the sick yielded miracle after miracle. We heard several remarkable testimonies, including these that follow.

MIRACLE MAYHEM

Lamtire is an elderly widow. Three years ago, her one leg became increasingly painful, until she could no longer walk on it. This September, she traveled to one of the local hospitals for an operation, the doctors promising her that the procedure would solve the problem. It did not. Rather, the discomfort grew worse. Following prayer on the first night of our crusade—a Thursday—her leg began improving dramatically. By the Saturday, Lamtire came forward to boldly testify that she can now walk on her leg without any soreness or instability. “I am completely free! I thank God!” she confessed. Deselech is a 40-year-old mother of ten children. Since her own childhood, she had suffered from several ailments that were unrelenting. Her ears ached constantly. Her head throbbed without ceasing. Her eyes smarted and she struggled to see clearly. She had been from doctor to doctor over the past decades but found no relief—until our crusade! Dr Jesus has done a thorough work in her, vanquishing all pains and restoring her sight. Rejoicing, Deselech leaped and danced on stage, praising the Lord.

Beyana is a 50-year-old farmer. Around five years old, severe arthritis started plaguing him. “Every joint in my body hurt,” he explained. “I could not sleep at night.” The physical labour that his work required also became impossible to endure. Sore, sleep-deprived and unable to provide for his family, Beyana had lost all hope. However, when this dear gentleman attended one of our services, the Lord intervened, touching his joints. The next day, he returned to testify. “All pain is gone!” he expressed. “Last night, I slept soundly for the first time in years! I am full of so much joy!” Mitike is a middle-aged mother of two who has been tired and weak for so many years, she has forgotten how many. “It has been a long, long time,” she voiced. “I could not even eat injera.” Since injera is the staple diet of Ethiopians, a confession of this nature testifies to an exceedingly woeful condition. Whatever was the root of that condition, the Lord dealt with it. “I have so much energy!” she declared, bouncing on stage. “I feel so well!”

Ergage is a 55-year-old mother of six children. Four years ago, she began suffering from serious stomach issues and a constant headache. “I could not eat and I could not work,” she expressed. A nearby clinic diagnosed her with typhoid fever but no treatment helped and the symptoms persisted. The Lord touched her mightily during our crusade. Both her stomach and head are now pain-free and she can eat without any issues. Jubilant, Ergage glorified her Maker, raising her hands to heaven. Geto is 70 years old. Several years ago, her joints began hurting severely. A business owner, she struggled to continue working due to the discomfort and six months ago, she had to stop entirely. Providing for herself was a problem. She relied upon the generosity of others. Since she started attending our crusade, her affliction has ceased. She rejoiced on stage, pointing out the various joints that had ailed her—knees, hips, elbows and wrists—and bending and flexing them with unrestrained glee.

HEARTFELT THANKS

We handed out Certificates of Appreciation to the pastors and volunteers, as well as one hundred copies of the Amharic version of Tamryn's book, "Spirit of Fire" which teaches on evangelism. The Holy Spirit baptism was taught on and how to partner with God to win the lost and heal the sick. We prayed for everyone to be filled from on High, an army of red-hot believers being launched into Bonosha as witnesses of His goodness and glory. The Vice President of the Evangelical Fellowship of Ethiopia joined us for this crusade and he is thrilled that we are labouring in challenging mission fields. Onwards we march, empowered by your prayers and giving. Ethiopia belongs to Jesus!

SPIRIT OF FIRE ACTION EDITION

“This book reflects the fire of the Holy Spirit from every page. It is not just knowledge but temperature, as fire is always hot” - Ev. Reinhard Bonnke

Use with our
WRISTBAND
and **GOSPEL TRACT**
witnessing tools.

Now is the time for you to step out of your lukewarm rut and be used by the Holy Spirit to shake this world for Jesus! In *Spirit of Fire*, Tamryn Klintworth shows you that when you work together with the Holy Spirit, salvation, healing and deliverance can become ordinary, everyday occurrences. This is an excellent book to be studied by a group of believers. If you are looking for material to get your church, home group or circle of friends going for Jesus, *Spirit of Fire Action Edition* will not disappoint.

Each chapter includes:

DISCUSSION POINTS

These consist of key quotes pulled from each chapter, together with thought-provoking questions prompted by them.

ACTION STEPS

These will help you put into practice what each chapter teaches and deepen your intimacy with the Lord.

DECLARATIONS

Start confessing what the Lord says about you and who He has created you to be—and needs you to be!

UPCOMING EVENTS

FRANCISTOWN REVIVAL (24 - 25 NOV)

Hope Botswana is a national movement that aims to inspire and mobilise the youth of Botswana to become active citizens living purpose-driven lives. The Hope Botswana network annually hosts large festive events which seek to ignite, inspire and help to realise the dreams of youth towards the inherent prosperity of Botswana. Tamryn has been invited as a guest speaker.

METU GOSPEL CRUSADE (30 NOV - 3 DEC)

Located in the Oromia Region of Ethiopia, less than 30% of its inhabitants are born-again with around 50% being Muslim and the remainder, Ethiopian Orthodox. Tribal violence and civil unrest are ongoing concerns. Together with its surrounding villages, Metu has a population of over 100,000. This will be our last crusade for the year.
